

## 60 Minute Funding<sup>SM</sup>

60 Minute Funding<sup>SM</sup> means you get paid within an hour of delivering a load.

As an NBT client you enjoy the fastest funding in the industry. No other factoring company in America offers 60 Minute Funding<sup>SM</sup>. Faster cash means keeping your trucks rolling and drivers happy.

60 Minute Funding<sup>SM</sup> is amazingly easy. Simply fax your proof of delivery documents (POD's) and within an hour you can get your cash one of four ways:

- EFS Transchecks
- Load fuel cards
- Send bank wires
- Pay bills online

Same day funding can mean many different things. Usually it means getting funded in a day or two days after the factor receives original POD's, not from when the load is delivered.

With NBT's 60 Minute Funding<sup>SM</sup>, fax your POD's to NBT and get your cash within an hour or less. It's just that easy.
